Please make sure to select your time-zone so you know what times work for you. I am based in Vermont, USA, so am on Eastern Time Zone. Acuity will automatically adjust my schedule to your time-zone. Please double check all times you schedule and be on the call on time.

You can schedule or cancel sessions up to 48 hours prior. After that, they cannot be scheduled or canceled. If you have an emergency and need to re-schedule, email Moses directly.

Late Policy: If you are late for a session, Moses will wait 15 minutes, at which point the session will be canceled.
